

The Truth

From the lips of America's enemies.

“Go back to Boston! Go back to Plymouth Rock! Get out! You are old and tired. Go on. We have beaten you. Leave like beaten rats. You old white people. It is your duty to die . . . through love of having children, we are going to take over.”

Augustin Cebeda, La Raza (The Race)

“They’re afraid we’re going to take over the government institutions and other institutions. They’re right. We will take them over . . . We are here to stay.”

Richard Alatorre, Los Angeles City Council

“The American southwest seems to be slowly returning to the jurisdiction of Mexico without firing a shot.”

Excelsior, Mexico’s national newspaper

*“We have an aging white America. They are not making babies. They are dying. They sh***ing in their pants. I love it.”*

Professor Jose Gutierrez,
University of Texas and founder of La Raza

“We are politicizing every single one of these new citizens [illegal aliens] of this country. I gotta tell you that a lot of people are saying, ‘I’m going to go out there and vote because I want to pay them back.’”

Gloria Molina,
Los Angeles County Supervisor

“The border remains a military zone. We remain a hunted people. You have a destiny to fulfill in this land, that historically has been ours for forty thousand years. This is our homeland. We cannot, we will not, and we must not be made illegal in our own homeland.”

Professor Jose Gutierrez, University of Texas

“We’re going to take over all the political institutions of California. In five years the Hispanics are going to be the majority population of this state. Anyone who doesn’t like it should leave. They ought to go back to Europe.”

Mario Obledo,
Co-founder of the Mexican American Legal Defense and Education Fund

“I have proudly affirmed that the Mexican nation extends beyond the territory enclosed by its borders and that Mexican migrants are an important, a very important part of it.”

Ernesto Zedillo,
President of Mexico, meeting of the National Council of La Raza

“Even though I’m saying this part serious, part joking, I believe we are practicing ‘La Reconquista’ [reconquering] in California.”

Jose Pescador Osuna,
Mexican Consul General in Los Angeles

“It is an honor to be with the new [Latino] leadership of the Americas. Power is not given to you; you must take it. People say to me on the Senate floor, when I was in the Senate, ‘Why do you fight so hard for affirmative action programs? And I tell my white colleagues, ‘Because you’re going to need them.’”

Art Torres,
Chairman of the California Democratic Party

The Truth

From the lips of America's defenders.*

"I have no idea how our country can continue to exist if our government isn't willing to fight for the sovereignty of our borders."

U.S. Border Patrol Field Agent

"I've said it, and I've heard it from hundreds of other agents. I just don't believe our government is ever going to deal with the illegal invasion. It's not a question of 'can't' but 'won't'."

U.S. Border Patrol Field Agent

"What would we do, if ten thousand or twenty thousand or a hundred thousand illegals stormed across the border? We can't shoot them. We can't close the gates, because there are no gates. The wall they promised isn't built. All we could do is step aside and hope they don't kill us."

U.S. Border Patrol Field Agent

"Homeland Security finally admitted that there have been hundreds of incursions by uniformed Mexican forces. But then nothing changed. It's like we're fighting a foreign army with news conferences."

U.S. Border Patrol Field Agent

"Where's the wall? I'm sick of Homeland Security saying they need permission from land owners. We're talking about the survival of America. Will someone please explain 'eminent domain' to these guys?"

U.S. Border Patrol Field Agent

"I don't have answers to the mess the government has got us in. But I know big changes are ahead. And they're going to be violent."

U.S. Border Patrol Field Agent

"We know that Arab terrorists have figured out that the Mexican border is America's back door – and it's wide open."

U.S. Border Patrol Field Agent

"We're seeing criminals crossing over to escape Mexican police. And we give them 'asylum'. That's the definition of insanity."

U.S. Border Patrol Field Agent

"Everyone knows the drug cartels have hit lists on certain agents. But nobody upstairs seems to care. Apparently, Homeland Security's strategy to find out who's on the list is to wait and see who gets shot."

U.S. Border Patrol Field Agent

"Remember 'land of the free and home of the brave'? Hold on to that memory. Pretty soon that's all it's going to be. A memory."

U.S. Border Patrol Field Agent

"The illegal population is so big now, the top brass – I mean the 'top, top brass' – are afraid of doing anything that might offend them."

U.S. Border Patrol Field Agent

"It's common knowledge that Islamic terrorists are working with Mexican cartels. Whatever the next '9/11' turns out to be, it's going to be tied to Mexican drug dealers on both sides of the borders."
