

BUSH TO SUPPORT ILLEGAL ALIEN AMNESTY IN MEXICO!

Monday, January 12, 2004

President Bush believes that he can shove amnesty for illegal aliens down our throats because the people have “no place to go,” (i.e., both political parties support legalizing those who have blatantly broken our immigration laws).

Since he says we have “no place to go,” let’s all go no place on **Monday, January 12**, the first day of Bush’s visit with Mexican President Fox in Mexico City.

Don’t shop at all. Don’t buy anything. Don’t go to the movies, etc. If enough Americans participate, Bush will be forced to back down and enforce our immigration laws.

The most recent 1986 Alien Amnesty sent the wrong message to potential aliens; the United States immediately experienced a MASSIVE increase in illegal immigration.

During the same Alien Amnesty, terrorist Mahmud Abouhalima, a leader of the 1993 World Trade Center bombing, was legalized as a seasonal agricultural worker.

NO AMNESTY FOR ILLEGAL ALIENS!
