* Incidents involving a group of unknown type are arbitrarily placed in the Human Smuggling category. Some groups may have been drug smugglers but could not be confirmed with available information.

** A single Drug Incident may involve more than one Drug Sub-Type. For example, a Load Truck and a group of drug packers could be apprehended in the same incident.

1. Vehicle used to transport drugs or for re-supply. Includes ATVs. Does not include vehicles used for human smuggling. Sighted, pursued or seized.
2. Ultra-lights and other aircraft used to transport drugs. Sighted or seized.
3. Drug backpackers/mules transporting drugs on foot or using pack animals. Sighted, pursued or apprehended.
4. Drug Scouts and/or Lookout Posts used by Scouts, or ReSupply group or Rip Crew. Sighted, pursued, apprehended or dismantled.
5. Abandoned or hidden cache of drugs. No load vehicles or backpackers at location.
6. Confirmed drug incident, but insufficient data to determine if a load vehicle, drug scouts or drug packers.
